# **Illinois Telephone Customer Survey**

*Rate Your Phone Companies*

*See Inside...*

▼ LIFT HERE TO OPEN ▼

Being a phone customer used to be easy. You had one company that provided your phone service. If you had any problems, it was easy to get them fixed. You got one easy-to-read bill and you knew just what you were paying for.

But things have changed—and not all those changes have been positive.

That's why the Citizens Utility Board (CUB) is conducting the *2001 Illinois Phone User Survey*—we want to hear your views on the state of phone service today. Please take a few minutes to fill out the attached survey and return it to CUB as soon as possible in the envelope provided.

CUB is the largest organization in Illinois dedicated to fighting for your rights as a utility ratepayer. Each year CUB asks consumers like you to help assess the performance of your utility companies—so we can identify the most serious problems facing consumers.

But we're also asking you to become a member of CUB and help us keep up the fight for fair rates and better service from your gas, electric and phone companies.

Thanks to the generous support of Illinois consumers, CUB has helped save utility customers over \$4 billion—by working to block rate increases and by winning rate reductions and refunds of past overcharges.

By returning your completed survey, along with a membership contribution, you will help CUB carry on the fight for fair rates before state regulators, in the legislature and in the courts—and you'll be standing up for your rights as a consumer.

**INSTRUCTIONS:** Return completed survey in the attached envelope. (The survey will need to be folded to fit into the return envelope.) All individual survey responses will be kept strictly confidential
